Deirdre Floyd, President
Canadian Epilepsy Alliance

Dear Ms. Floyd:

I wish to express my appreciation to the Canadian Epilepsy Alliance (CEA) for 20 years of service.

It was a pleasure to work alongside you and many members of the CEA from across Canada to gain official recognition of Purple Day for Epilepsy Awareness. Through Purple Day activities, I have seen the CEA advocate for people with epilepsy and offer them support and a sense of community.

By helping to educate Canadians about epilepsy and how to respond when someone is having a seizure, the CEA is improving safety and quality of life for people with epilepsy.

Please accept my warm congratulations on your 20th anniversary.

Best regards,

Geoff Regan, M.P.
